ELECTRONIC WALKAROUND

PROVIDING A MORE AFFORDABLE,
PAPERLESS, SYSTEM FOR CARRYING
OUT DAILY WALKAROUND CHECKS AND
FLEET MAINTENANCE

ELECTRONIC WALKAROUND

With our Vehicle Safety Checklist App we are providing a more affordable, paperless system for carrying out daily walkaround checks and fleet maintenance.

 **PAPERLESS** - Eliminates paper records for carrying out your walk around checks.

 **INSTANT ALERTS** - Instantly notified when a defect is reported so you can take action sooner

 **CUSTOMISABLE AND UNLIMITED CHECKS** - Create custom checklist for your fleet

 **SUPPORT** - Supported on all mobile devices iOS and Android

 **VEHICLE HISTORY** - Keeps a record of all reports that have been submitted by drivers

 **ACCIDENT REPORTS** - Drivers can submit an accident report form using the app

 **FLEET MAINTENANCE** - Users can set up custom notifications for their fleet maintenance such as Tax Reminders.

 **DRIVER MANAGEMENT** - Manage part-time or seasonal drivers so you're not charged if a driver is not working

 **DEFECT MANAGEMENT** - Increases productivity and decreases fleet downtime and costs

 **SYNC & SAVE** - If you are out of signal the app allows you to save a report and send when you regain signal
